Central Baltic Programme

# Simplified Cost Option in CB Working group findings

Merike Niitepõld, MA

## Central Baltic today

- 67 projects approved in calls 1-2
- 68 MEUR allocated
- 3 projects finalised
- 10 projects in total end in 2017
- All 67 projects still reporting
- 11 MEUR paid to projects

# Simplifications

- SCO's taken into use
- Other simplification measures
- Positive user experience
- Evaluating and improving own practices
- Active participation in SCO working group

## Lessons learned

- Accepting simplifications and the new mindset takes time
- Simplification is a continuous process
- New simple solutions bring about new complications
- We're still limiting ourselves

## Goals for the Q&A

- How to move from talking the talk to walking the walk?
- Reduce unnecessary fears
- Give needed clarifications
- Agree on common view and interpretations

Thank You!
