Discussion round

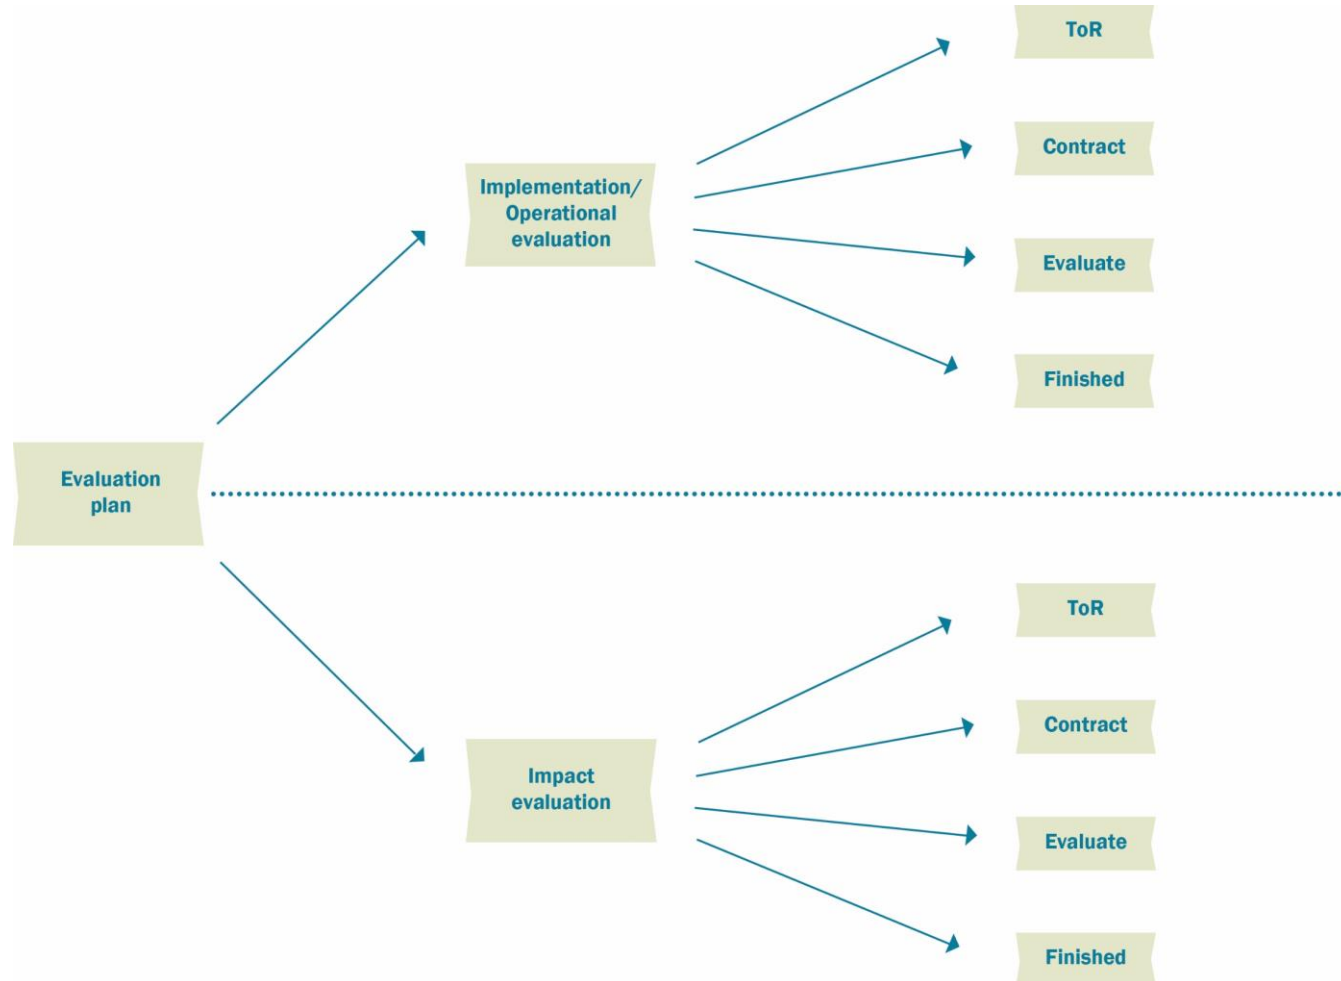

Status quo and programme obstacles

Are you personally involved in your programme evaluation

Status quo of your programme in relation to evaluation

Discussion round

What are the obstacles in relation to evaluation which you are facing at the moment?

Discussion round

1. What evaluation findings would you like to communicate to your target groups?
2. What should be the outcome of your evaluation?
3. How to show the added value of your programmes?
4. Which messages should be communicated to whom?

Cooperation works
