# Open issues

- Wrap up discussions about PO5, particularly the “Europe closer to citizens” principle as a cross-cutting approach to all SOs
- Type of actions under ISO1 may be subject to change depending on the outcome of the discussions within the task force set up by EUSALP
- EC expectations, particularly with regard to RCO118 and MRS governance support

# Concluding remarks

- Make in-depth territorial analysis
- Focus on key needs and objectives
- Identify the most logical links between the choice of actions and indicators
- Ability to meet these commitments on time is vital to legitimise the amount of work ahead
