

9th Core group meeting for the development of the Jems

26 and 29 April 2021 (9.30 - 12.30 CET)
Online meeting

FINAL Agenda

9th Core group meeting for the development of the Jems 26 and 29 April 2021

Outlines

The Core group will meet for the ninth time to get an update on the state of play of the Jems and jointly work on designing and specifying the Jems.

Objectives

In this meeting, we will update Core group members on the progress since the last Core group meeting organised in February. Moreover, we shall discuss the implementation phase and update on the state of play of other activities besides the development.

The meeting aims to follow up on the prioritisation exercise (May release and beyond) and work on the Use cases for 2nd phase organised in the previous Core group meeting. As usual, is the case, several thematic discussions are planned for the meeting, where Core group members input will be required.

The integral part of the meeting will be dedicated to kicking off the 3rd phase discussion. Use cases in the form of background document will be sent out before the meeting so that the Core group members can discuss them beforehand and provide input during the session.
