

# 2<sup>nd</sup> meeting of the keep.eu 3.0 Group

**29 April 2021**

**Closure of 2021-2027 discussion on programme information and kick-off of discussion of 2021-2027 project and partner information in keep.eu**

## **2<sup>nd</sup> meeting of the keep.eu 3.0 Group**

### **29 April 2021**

### **Online**

#### **Outline**

After an initial exercise to focus our discussion and provide its context, Interact will present the results of the survey on the 2021-2027 keep.eu programme fields, together with the possible relationships to establish with some 2021-2027 keep.eu project and partner fields. This will be followed by a Q&A meant to consolidate the decision on the 2021-2027 programme fields to include in keep.eu.

The second part of the meeting will be the discussion of the most important aspects of Interact's coming proposal of 2021-2027 project-partner fields for keep.eu, and a common template for the list of operations.

At the closing of the meeting we will lay down the next steps of the keep.eu 3.0 process and Group.

#### **Objectives**

The main goals of this meeting are, on a first moment, to close the discussion on the 2021-2027 programme fields in keep.eu and, secondly, to open the discussion on this tool's 2021-2027 project and partner fields. In doing so we also aim at reaching a common understanding on the potential importance of each field to address the needs of different stakeholders and users.

#### **Preparation**

In preparation for the meeting, participants are invited to quickly refer to the following information:

- [How to get financial information in keep.eu;](#)
- [How to look for project partners using keep.eu;](#)
- [What the PIC \(Participant Identification Code\) is;](#)
- [What Kohesio is.](#)
