

9th HIT Core group meeting
8-9 and 11 June 2021
Online

Welcome to the 9th HIT Core group meeting! At this meeting, we will continue to work on the HIT control package.

The meeting will take place three days, every day between 9.30 and 12.30. Each day will include a comfort break of 15 minutes.

On all meeting days, you are welcome to join us in the meeting room 15 minutes before the start for a virtual welcome coffee to test your connection/equipment by having an informal chat with colleagues.

You will receive a Zoom link and password, which will be the same for all days, when we accept your registration.

Please note: this is the second of two meetings on this topic, following the first meeting in March. Outcomes of the March meeting were incorporated in the control documents and discussed with controllers in a separate meeting. With HIT Core group members, we are aiming to discuss the feedback gathered from controllers and reach final agreements regarding the templates and conclude on the Control Package.

Draft Agenda

Day 1: Tuesday 8 June 2021

9.30 – 12.30 Event start - Welcome and updates (incl. outcomes of the sub-groups)

Control Report

- Review of the final version of the Report
- How can we improve/simplify the work of the controllers further?
