Outline

The Group will discuss the results of the survey on the 2021-2027 keep.eu project and partner fields, and any proposals stemming from the surveys on these two issues.

The second part of the meeting will be the discussion of new potential uses of keep.eu by the organisations represented in the Group.

At the closing of the meeting, we will lay down the next steps of the keep.eu 3.0 process and Group.

Objectives

This meeting's main goal is to close the discussion on keep.eu's 2021-2027 project and partner fields. In doing so we also aim at reaching a common understanding on the potential importance of each field to address the needs of different stakeholders and users.
