## **Migration and integration in Interreg in 2021-2027**

**15 June 2021, 10:00-12:30 CET**

### **Outline**

Building on the outcomes of our last events organised on this topic and following the latest updates of the legal provisions, Interact is organising an online event to look into the specific role of Interreg in addressing issues and challenges related to migration and integration topics.

The event will aim to:

- provide the latest updates on the new Interreg regulation and more precisely with regard to ISO 2;
- offer room to exchange with other programmes on how to tackle migration and integration related challenges within the next generation of Interreg programmes 2021-2027;
- discuss and eventually identify ways to further promote projects' results and next activities of the 'Interreg response to migration-related issues' Network

The event is open to all Interreg Programmes including Interreg IPA-CBC and Interreg NEXT, which are interested to tackle migration and integration related issues in the 2021-2027 programming period.
