TA 2030 Pilot Actions and Interreg

19 October 2021

Online

Outlines

Under the heading 'Bringing territoriality into Interreg' Interact aims at highlighting the territorial dimension of Interreg, of European Territorial Cooperation. Besides some more general awareness raising events on [Bringing territoriality into Interreg](#), a focus has been laid on the Territorial Agenda 2030 (TA 2030). On what it is all about, on how Interreg programmes and projects can support the implementation of the TA 2030 and how Interreg programmes and projects can benefit from linking themselves to the TA 2030.

Objectives

This event now will be an informal possibility for Interreg programmes to meet with the TA 2030 Pilot Actions and the people behind. With the aim to establish direct contacts which will enable both the TA 2030 Pilot Action (Leaders) as well as the Interreg programmes to identify possibilities for joining forces in making territorial changes happen.

Hence, the target group of this event are the TA 2030 Pilot Action Leaders and Interreg programme representatives.
