On-line 10:00 – 12:00 CET

Concept and objective

Coinciding with the [Climate Change Summit COP26](#) taking place in Glasgow, Interact organises the yearly online meeting of the Interreg Climate Change and Risks Network on **4 November 2021**, through the zoom platform, with the goal of inspiring Interreg programmes' staff in the policy Objective of a Greener Europe

As a follow up of the events organised in 2021 "[Interreg & Climate Change: Cooperating for a Greener Europe](#)", Interact would like to organise a session for the network members, where we can exchange our views on the new Policy Objective 2 and collect new ideas for 2022. We aim to achieving this with an exchange among network members experts and some successful practices from Programmes. his event foresees an active contribution from all participants. The goal is to inspire Interreg programmes' staff in the policy Objective of a Greener Europe.

Who is this meeting for?

This online thematic event is addressed to Interreg, Interreg IPA-CBC and ENI CBC programmes' staff from the Joint Secretariats, Managing Authorities, and other relevant programme bodies (NCPs, MC Members, etc.) who are involved in the thematic content dealing with Climate Change and Greener Europe.
