**Support to the definition of a capitalisation strategy**  
**8-9 November, 2021**

Centre Cultural La Nau – Sala Gonzalo Montiel (Ground floor)  
Valencia

## Capitalisation Tailored Support Package 2021

### Core Activity 2 – Interreg IPA-CBC Italy-Albania-Montenegro

Valencia, 8-9 November 2021

#### Outline and Topics

The workshop is designed as the third step of the support activity provided by Interact to the Interreg IPA-CBC Italy-Albania-Montenegro Programme, focusing on capitalisation, as envisaged in the roadmap revised and agreed in September 2021.

This second workshop (Core Activity 2) considers the outcomes of the first one, whose main goal was to get a better understanding about what a **'demand driven approach to capitalisation'** means also in terms of engagement and resources to be put in place by the Programme.

As a result of the first event a document setting up the main capitalisation goals and principles has been prepared by the expert to support the MA and JS in the preparation of its own capitalisation strategy. The focus of the capitalisation approach in the document is **to promote, among Programme beneficiaries, a significant process of awareness-raising about capitalisation and to engage specific competences to carry it out.**

By the end of November/beginning of December **the Programme will proceed to the drafting of its capitalisation plan** outlining the main operational activities in coherence with the above-mentioned approach.

Information and experiences about capitalisation activities carried out in 2014-2020 will be presented and discussed and different options will be proposed and analysed during the event that is meant to **provide**, using a participative approach, **operational orientations** for Interreg IPA-CBC Italy-Albania-Montenegro MA, JS, NIPs, NAs, about the **appropriate capitalisation activities** for the 2021-2027.

The focus will be on **identification of types, dimensions, and timing of operational activities and of resources** that need to be put in place for carrying out a capitalisation plan that will ensure the success of capitalisation in 2021-2027.

The main topics addressed in this workshop will be:

- **How to support Programme beneficiaries to capitalise?** (*Provide specific criteria for projects to define their results based on the principle of reuse and transfer; issue capitalisation calls and/or launch horizontal projects; set up/integrate a catalogue/library of results; create thematic communities /events with both givers and takers and identify and mobilize external actors, etc.*)
- **How to promote capitalized results?** (*Set up /integrate catalogues/libraries of projects results. Create/integrate thematic communities/realize events with givers and takers*)
- **Which priorities need to be addressed for capitalisation activities to be carried out in 2021-2027?** (*Agree a time schedule for capitalisation activities in the Programme timeframe according to the available human and financial resources*)

### Travel and transfers

Valencia airport is located a few kilometers from the city center, connected via a modern and efficient metro system.

#### Metro:

Take Metro Lines :

- **3 (Direction Alboraya-Rafelbunyel)** or
- **5 (Direction Marítim- Serrería)**

both lines stop in “Colon” Station.

Timetable is available [here](#).

From the Airport station to Colon station, the ride takes about 20 minutes and it costs about 4.90 € (1way). You can buy the contactless card ticket at airport’s underground ticket machine.
