

Transnational, interregional finance network meeting
2 December 2021
Online

Welcome to the annual Transnational, interregional finance network meeting!

This meeting is organised for members of the finance network of Transnational, interregional Programmes only.

During the meeting, representatives of the participating programmes will network and exchange on various finance-related issues identified by the group. The participants will gain an understanding /overview of approaches applied in different programmes; they will share ideas and work together towards solutions to common challenges.

The main objective of the meeting is to work on a number of subjects related to the financial management of the 2014-2020 and 2021-2027 programmes. These subjects can include programme rules and procedures, Simplified Cost Options, closure of 2014-2020, TA flat rate, and so on
