

State aid...

....outside of the EU Member States?

State aid for beginners Wednesday, 27 April 2022

A project funded by the European Union

Implemented by a consortium led by

The starting point

- Article 12.3 / ENI CBC Implementing Rules: "Aid granted under the programme shall comply with the applicable Union rules on State aid within the meaning of Article 107 of the TFEU".
- However, ENI CBC programmes = one or more countries outside the EU --> Article 107 cannot be directly applied.

So what's next?

EU legal framework on State aid ENI CBC Implementing rules

International agreements

The challenges

• **Very little literature exists** in the context of the CBC Partner Countries / countries outside EU, however....

 The obligation to respect the State aid provisions is usually mentioned in the Joint Operational Programmes (reference to bilateral agreement between the EU and each country).

So we set the sails to discover what are the provisions.....

Our findings

TFEU criteria

Ukraine

Republic of

Moldova

Georgia

Turkey

Jordan

Egypt

Tunisia

The criteria on subsidies of WTO or GATT*

- Israel
- Palestine

No mention (nonapplicability) of State aid provisions

- Russic
- Belarus
- Armenia
- Lebanon

^{*} Significant differences in the Association, Framework or Partnership agreements, both in scope and terminology!

Key finding

Where State aid provisions were included... the common feature
 conditions for avoiding a distortion of the trade/competition
 between the EU and the concerned country

For the programmes, where state aid is not eligible

For example, **Black Sea Basin** or **Romania-Ukraine**, focus on State aid assessment!

For the programmes, were state aid is eligible

 For example, ENI MED, the work involve State aid assessment and management.

Is the trade/competition between the EU and the concerned country affected?
