Building synergies - NWA Interreg programmes

23 June 2022

Online 10:00 – 12:00 CET

Outlines

The regulatory documents for the 2021-2027 Cohesion Policy underline cooperation as a horizontal objective. Synergies and complementarities across funding programmes are encouraged. Taking this into account, Interact is organising meetings to bring together Interreg programmes (both cross-border and transnational) as part of our support to the post-2020 programming, for a discussion on territorial impact and coordination. These events are held in four different areas of Europe, one of which is the North-Western part of Europe.

The North-Western part of Europe is a unique area with a long history of successful Interreg cooperation, covering many geographically overlapping Interreg programmes. It is not fully covered by a macroregional strategy or sea-basin strategy, and recently has been affected by the departure of the UK. The overall aim of this forum is to discuss, exchange and develop possible synergies of programme contributions to the main thematic challenges of the North-Western part of Europe.

This event is a continuation and follow-up to the events organized in previous years.

Please note that this event is for invitation only and strictly dedicated to programmes of the North-Western part of Europe.

Objectives

The objective of the meeting is to enhance exchange between programmes, and to support coordination in the programming and implementation process of 2021-2027 period in the North-Western part of Europe. This will allow for an exchanges on possible synergies and complementarities as well as avoiding duplication of efforts.

Building synergies - NWA Interreg programmes

23 June 2022

Online 10:00 – 12:00 CET

10.00 – 10:10

Welcome and Introduction to the meeting

Interact
