During the webinar, information on the next Interreg calls, coming up during 2022 and 2023 will be given following the programme's selected specific objectives. In addition to this and to promote synergies between Interreg and EU direct management programmes (Horizon Europe, LIFE, COSME, EMFF and Health4EU), two sessions will be organised: Presentation of the Single Electronic Data Interchange Area (SEDIA) tool and next calls/approaches for Horizon Europe and Prima
