Workshop on Article 36 of the ETC Regulation

4 April 2023

Online | Zoom

Outlines

Interact organises the upcoming workshop as a follow-up to the technical meeting organised in 2022 to debate and consult the requirements of Article 36 of the ETC Regulation regarding the responsibilities of managing authorities and partners concerning transparency and communication. Experts in communication, irregularities and financial corrections will provide the key information. However, this workshop foresees an active contribution from all participants.

Objectives

Yet the current status poses questions about proportionality when applying the provisions of Article 36 (ETC). Thus, we are committed to accurately understanding the requirements and supporting the process of drafting a methodology, which is the objective of this workshop. We aim to provide additional support from other programmes.

Who is this meeting for?

The workshop is open for all programmes' staff from the Managing Authorities, Joint Secretariats, and different relevant programme bodies (NCPs, MC Members, etc.) in relation to the issue of applying the 2% cut of the support from the funds for the beneficiaries and final recipients not complying with the rules on transparency and communication.
