# Project closure – steps to be taken

- Plan closure;
  - Resources
  - Timing
  - Last reimbursement
- Finalise all project activities
- Communicate all results
- Accumulate project records
- Prepare final report

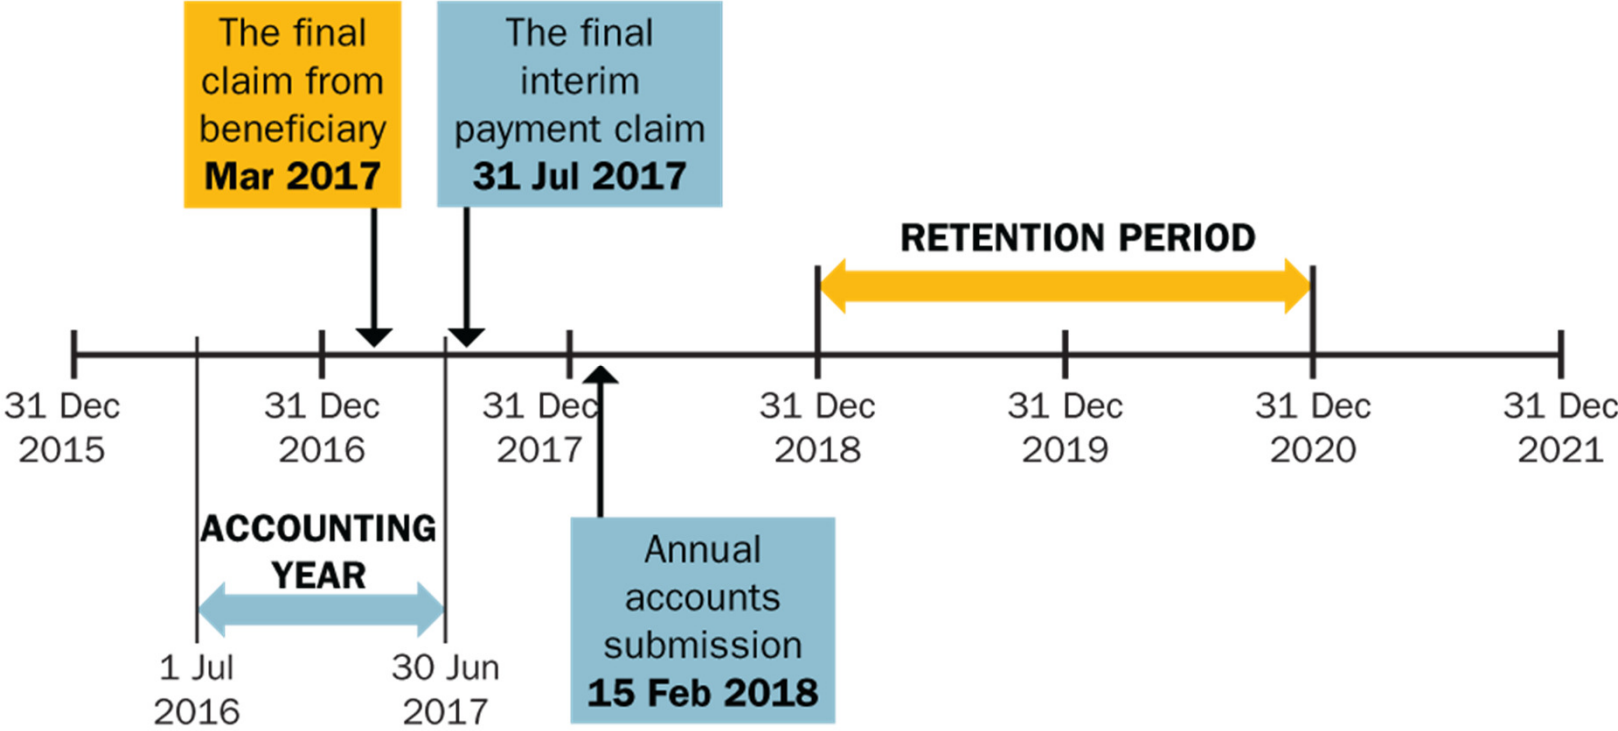

# Obligations after project closure

- Retention of documents:
  - Programme rules – 2 or 3 years
  - If State Aid involved – 10 years
- Ownership of project deliverables
- Revenues
- Irregularities found after project closure

# Retention of documents

# Project legacy

- Ensuring that project activities have a lasting impact on project partner organisations and stakeholders
- Ensuring that project activities have a lasting impact on the wider programme area and beyond
- Trying to ensure that there is commitment and funding to take the next steps
- Taking into account programme supportive activities

# Advice from projects already closed

- LP knows who to approach in partners institutions after the project closure
- Partners know all their obligations, and ensure there is staff ready to be approached should there be additional control
- Partners know about their obligations regarding paying back unduly paid funds, once irregularity is found after project closure.

# Cooperation works
